From the Municipal Commissioners,
Bangalore City Municipality
no G To 86 dated the 27th Sep^r 30
Solicits under the circumstances
explained, sanction to the
resolution of the Bangalore City
Municipal Council recommending
to Government that the Government
Order making it obligatory on
the Commissioners, the Health Officer
& the Municipal Engineer for
maintaining a horse be relaxed
& that they be permitted to have
cars only as they can do better
work thereby & that a consolidated
allowance of Rs 100/- be given
to them

1) The Municipal Council have resolved
that the Municipal Commissioners
the Health Officer & the Municipal
Engineer need not be required to
maintain a horse & that they be
permitted to maintain motor
cars as they can do better work
thereby & that a consolidated allow^{ance}
of Rs 100/- be given to them

2) Under Government Order no
L5612-14-M256-29-4 & 256 1931.

All executive Officers in the big Municipalities are required to go out on inspection on horse back every morning excepting on Sundays & unless prevented by other engagements. This Order was passed on the minute of the Dewan dated the 25th Dec 1929. The resolution of the M.C. is to the effect that this Order may be relaxed in the case of the Municipal Commissioner, the Municipal Engineer & the Health Officer of the Bankehi big Municipality. It is a matter for consideration whether the resolution can be approved.

3) The Municipal Council want that these three Officers may be given a consolidated allowance of Rs 100/- each a month. The present Commissioner gets a consolidated salary of Rs 1000/- There appears to be no need to give him an allowance of Rs 100/- in addition under the present rules, he has to maintain ~~his own carriage & horse~~ ~~more~~ a horse. The Health Officer is given a conveyance allowance of Rs 50/- per. The Engineer of the

Municipality is also entitled to a conveyance allowance of Rs. 5/- per month. If the work of these two Officers is such that they have to keep a motor cycle in addition, the allowance may be raised to Rs 75/- per month and if they have to keep a motor car, the allowance may be raised to Rs 100/- per month. Vide B.O. No L4373 9 - ml 81-27 65 d 2-2 1928.

The resolution of the ml. Bd. is to the effect that these Officers may be required to maintain motor cars & not horses & yet be paid an allowance of Rs 100/- each per month.

- 4) The points for orders are:
- Whether the Municipal Commission met the Health Officer and the Municipal Engineer of the Bangalore Municipality may be exempted from maintaining a horse.
 - Whether the Municipal Commissioners may be given an allowance of Rs 100/- for maintaining a motor car.
- The present circumstances

Final Note by the Third Member of Council

23) **Subject:—** Question of allowarces to be given to the Commissioner, Health Officer and Municipal Engineer Bangalore City Municipality

A These papers relate to the resolution of the Bangalore City
24) Municipal Council that the Municipal Commissioner Health Officer and the Municipal Engineer of the Bangalore City Municipality need not be required to maintain horses and that they may be permitted to keep motor cars

25) Under G.O. dated the 25th January 1930 all executive officers in City Municipalities are required to go out on inspection on horseback every morning excepting on Sundays and unless prevented by other engagements

26) It is urged that inspection on horseback of slums in which streets are narrow and paved with unsized stones is attended with great danger to both the rider and the horse and the children that follow the rider

27) The question was considered in Council on 24th February 1931 and it was resolved that the maintenance of horses by the Municipal Commissioner Health Officer and the Municipal Engineer need not be insisted upon. Though the maintenance of a horse and ability to ride will be of great help in carrying on inspections expeditiously over very large areas daily the conditions in the Bangalore City in many parts of the town and the total length of roads to be traversed render it necessary to use a car or go on foot for most of these inspections. In this connection the question of allowances to be granted to these officers was also considered and the Council are of opinion that the conveyance allowance for the Municipal Commissioner may be fixed at Rs 100/- and that of the Health Officer and the Engineer at Rs 75/- per mensem and that no Duty Allowance be given to any of these officers.

FROM

C. MACHIA Esq, B A,
MUNICIPAL COMMISSIONER
BANGALORE CITY

TO

R Ranga Rao, Esq, B A, B L,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e

S i r,

I have the honor to state that Mr P Subba Rao, Municipal Engineer, requested in his letter No M E T 555 dated 28th August 1930 (Copy enclosed) that he be granted suitable deputation and special allowances for which he is entitled to under Codal Rules and that the rule regarding -- maintenance of a horse in addition to a motor car be relaxed in his case for the reasons contained therein This was placed before Council who after taking into consideration the nature of duties performed by the Commissioner, the Health Officer and the Municipal Engineer have at their -- meeting held on 13th September, 1930 resolved that the Government be recommended to relax ^{these} ~~the~~ order making it obligatory on the Commissioner, the Health Officer and the Municipal -- Engineer from maintaining a horse and that they be permitted to maintain cars only as they can do better, more efficient and speedy work in this extensive City comprising about 13 Square miles with Division Nos 1, 9, 6, 7 and 8 being Extensions far removed from City proper and that a consolidated allowance of Rs 100/- be given to them

72 L-

2 In this connection I beg to point out that the duties of the Municipal Engineer require him to take levels and measurements of roads and drains, value property, check the metal and gravel heaps and so many other items of miscellaneous work in several divisions of the City which can

only

only be done efficiently on foot

Similarly the Health Officer has to attend to desiccation in cases of Plague, Cholera and Small-pox, grant licenses for house construction and repairs etc after inspecting the properties in the various localities and supervise the work done by his subordinate officers and conservancy staff employed in various parts of the City. Apart from this their subordinates can only follow them with great difficulty and the nature of their duties makes them to get down constantly. I have personally found that on horse-back we cannot inspect the slums in which the streets are narrow and paved with unsized stone pitching on which horses can only go with great danger to both the rider and the horse and the children that follow the rider. I beg further to add that in the principal streets traffic is so varied and heavy that most of the attention of the rider is occupied in steering clear of them and pedestrians.

Lastly more work can be done and greater area traversed in a motor with less fatigue and loss of time being nevertheless fit for office work.

3 For these reasons I request you to kindly obtain early sanction of Government for the above resolution of the Council.

I have the honour to be,
S i r,

Copy of letter No M E T 555 dated 28th August 1930 from the Municipal Engineer, Bangalore City, to the Municipal Commissioner, City Municipality, Bangalore

Adverting to Government Order No 587-2583 dated the 13th idem, posting me to the Municipality, I have the honor to invite your kind attention to the fact that the said order has not -- dealt with the question of my allowances and to request the -- favour of your kindly placing the following facts before the -- Municipal Council for favourable consideration

The Municipal Engineer of the Mysore City Municipality who is also in charge of the Improvement works there, draws a consolidated allowance of Rs 150/- per mensem. The Bangalore City Municipal works are equally, if not more important, extensive and heavy. Here a special allowance of Rs 50/- per mensem for carrying out the Improvement works was sanctioned in G O No L 8492-94/M1 284-28-3 dated the 29th June 1929, in addition to the allowance of Rs 100/- sanctioned in G O No L 6614-5/M1 1-28-65 dated the 5th April 1929 when the Special Engineer's -- Office was amalgamated with that of the Municipal Engineer

re K

re J.

I now learn that the special allowance in connection with the improvement works has been abolished since 1st July 1930. Allowances are not a source of remuneration, but^a payment for expenses incurred or additional duties involved. Inasmuch as the Improvement works have to be supervised by the Municipal -- Engineer even now, I may take the liberty to state that it (the special allowance) should hold good under all circumstances.

The Mysore Service Regulations lay down explicit rules on the subject. In the case of Officers lent from one department to another, extra allowances are usually granted as deputation or duty allowance.

As per article 55 M S R a duty allowance not exceeding 1/5 of my salary or Rs 90/- per mensem is allowan⁶⁸ce to me as Municipal Engineer. During 1928-29 I was granted a duty allowance of Rs 25/- per mensem in addition to the conveyance allowance of Rs 75/- per mensem when I had nothing to do with the Improvement

Improvement works The duty allowance of Rs 25/- per mensem is obviously inadequate as compared with the Maximum allowed under the rules, Viz , Rs 90/- per mensem

The conveyance allowance granted to the P W D Assistant Engineer in charge of the Head Quarters buildings at Bangalore is Rs 75/- per mensem though he maintains a motor cycle only

2c L The question of conveyance allowances of Gazetted Officers lent to the Municipalities is the subject matter of G O No L 4375-9/Ml 81-27-65 dated the 2nd February 1928, which lays down that such an Officer is entitled to a conveyance allowance of Rs 100/- per mensem if he maintain a horse as well as a motor car In this connection I may be pardoned if I bring to your kind notice that inspection on horse back is not quite practicable, particularly in the case of an Engineer

Bangalore City Municipality is a very extensive one measuring about 12 Sq Miles in extent The Municipal Engineer has literally to run about and cover at least a distance of 25 miles daily in order to do justice to his charge Riding on horse back would leave little time for carrying out efficient inspection or supervision Under the circumstances, I may be exempted from maintaining a horse as laid down in G O No L 5612-14/Ml-, 256-29-1 dated the 25th January 1930 A cycle can easily be attached to a car to enable the Officer to reach the place inaccessible by motor car

In conclusion, I request that the above facts may be taken into consideration and my case recommended to the Municipal Council for favourable consideration My prayers are ---

- (1) The grant of a suitable deputation or duty allowance as per article 55 of M S R
- (2) The revival of the special allowance of Rs 50/- per mensem for carrying out the City Improvement works
- (3) A conveyance allowance of Rs 75/- per mensem for maintaining a car as ~~in~~ in the case of the Head Quart

- 5 -

Quarters Assistant Engineer at Bangalore

As ~~xxx~~ the matter is urgent, I request you to be so good
as to place this letter with your recommendation before the
Council for their consideration at the next meeting

Adverting to Government Order No L 7741-2/ML 164-30-2 dated the 18th idem, directing that in the Bangalore City -- Municipality, maintenance of horses by the Executive Officers be not insisted upon and sanctioning a conveyance allowance of Rs 75/- per mensem to the Municipal Engineer and the Health Officer and requiring each of these officers to maintain a car, I have the honour to state that immediately after Mr P Subba Rao, entered upon his duties in this Municipality as Municipal Engineer, he represented that in his case the maintenance of a horse be not insisted upon as it would not be possible for him to do much work on horse back and requested that he might be -- given a conveyance allowance of at least Rs 75/- per mensem for maintaining a car as well as a suitable deputation allowance

In this connection I may state that Government had -- sanctioned to Mr P Subba Rao a conveyance allowance of Rs 75/ plus Rs 25/- Deputation allowance per mensem in Government --- Order No L 6614-5/ML 1-28-65 dated the 5th April 1929 when he was the Municipal Engineer here in 1928-29
